NATIONAL BLOOD PROGRAM CLEAN THE CLEANERS

The goal of the new National Blood Program of the American Red Cross is to provide for medical use, without charge for the products, sufficient blood and blood derivatives throughout the nation to help save lives and prevent needless suffering.

Car owners have a way of forgetting that cleaners have their limitations, that they will pick up just so much dirt. At least once a year the cleaners should be cleaned or, in the case of the non-cleanable types, filtering elements should be replaced.

Trio Arrested For Theft From Rolling Hills

Margaret Rogers, 22, of 2334 Willard Street, Long Beach; Alvin E. Pinkston, 25 of 6474 East McFarland Street, Long Beach and Charles D. Titus, 32, 136 East McFarland Street, Wilmington, were arrested Monday and booked at the county jail on a suspicion of grand larceny. They admitted the theft of \$150 worth of building materials from Rolling Hills, the Sheriff's office reports.

Pinkston and Miss Rogers are said to have told arresting deputies that they needed the material for a cafe they were constructing, and that Titus, an employee of a construction firm on a reservoir project near the Rolling Hills Estates took them there. A watchman spotted them loading the materials, informed the sheriff's office and the arrest followed.

Registration, Tests To Take School Week

The first day of school under the Torrance City School system, Monday Sept. 15, will be devoted largely to registration, according to Superintendent of Schools J. Henrich Hull.

The superintendent said that the first week will be devoted to obtaining standardized test scores on all children, and a minimum school day policy will be followed during the first five days.

Superintendent Hull said: "The principals have considered this matter and decided that it would be best to have a minimum day of school in the first week in order to leave teachers free for accomplishing this testing program of California Standard Achievement tests and Mental Maturity tests. It is felt that, when the teacher corrects the test paper on her own children, she has a good start towards understanding that phase of his abilities which can be measured by pencil and paper tests.

"Teachers will be meeting in the afternoon during the week of Sept. 8, in their own building with their principals and planning their work. During the mornings, the superintendent is planning certain programs which will be announced later. Sept. 9, 1947 is a holiday and there will be no meetings. It is felt that teachers would be glad to have this day for getting settled, therefore, nothing has been scheduled for that day.

"On a large portion of the children there will be cumulative records from a previous school system, but on a large number of them there will be no information except what we can get through these tests and personal observations by the teacher.

"It is desired that each child be placed in the grade level in which it is believed he can get the most benefit for one year. It is also desired that the County policy of not having a child more than one grade advanced for his age, or one grade retarded for his age, be followed except in exceptional cases which warrant a deviation from this plan.

"When the child has been in the A portion of his class for the first semester, it is highly advisable that he either be held there a full year or be promoted if his achievement level warrants it. If a child is in the B division of his class the first semester, it is especially desirable that he be properly placed. This matter will be the first major problem of all teachers in the Torrance schools at the beginning of the school year. It is emphasized that we are not eliminating anything. We are merely arriving at the proper grade for each child which the information we have at hand makes possible.

"The superintendent would like to caution each member of the staff to refrain from any comments which can be interpreted as being critical of the Los Angeles schools or the manner in which they managed the schools here in Torrance. It is our business to take what we have — take the children where they are — and proceed from there. Any teacher who has succeeded herself with a given group of children on the

LOMITAN SERVES ON SUBMARINE USS CABEZON

Robert Elen Aber, chief motor machinist's mate, USN, husband of Mrs. June J. Aber, of 25008 Pennsylvania ave., is serving aboard the submarine USS Cabezon, which is on an extended training cruise to Alaska and the Aleutian Islands.

The Cabezon, along with three other submarines of the Pacific Fleet, is scheduled to visit Adak, Pribilof, Kodiak, Seward and Juneau, in the course of the cruise.

next grade level knows better than to assume that any difficulties which may arise are necessarily the result of poor teaching or the fault of her predecessors, and we should keep this in mind and keep our attitudes strictly professional.

"The superintendent is aware that this information is not necessary for the caliber staff we have selected. However, he does want to be on paper expressing this policy for the benefit of any who may in some manner misinterpret anything which has been or will be said concerning our school situation.

"Until we have definite proof to the contrary, we will assume that all of our colleagues in no matter what system they are working are our friends and we will treat them as such. The superintendent is very anxious that no skeletons be dug out of any closets."

Asks Permit For Radio Station

H. M. McCollum, doing business as South Bay Broadcasting Co., Hermosa Beach, has applied for permission to operate a new standard radio station on 880 kilocycles and 250 watts, daytime only.

He operates the McCollum Buick Agency at 910 Hermosa ave., Hermosa Beach, and makes his home at 1018 S. Juanita ave., Redondo Beach.

Two Cyclists Injured In 101 Highway Crash

A collision between an automobile driven by Maria Santos Macias, 34, 24818 Pacific Coast highway, and a motorcycle, sent two persons to the hospital Saturday night. The accident occurred at Pacific Coast highway and Normandie avenue.

Hospitalized were Edward Gene Wood, 17, Hermosa Beach, and Joan Gammert, 15, Redondo Beach, driver and passenger of the motorcycle.

Wood suffered a fractured collar bone and head cuts and Miss Gammert was bruised about the legs.

10 District Scouts To Parade In Coliseum

Ten Harbor district Scouts representing five troops will participate Sept. 12 in a ceremony in the Los Angeles Coliseum preceding a football game between the Los Angeles Dons and the New York Yankees.

The Uniformed Scouts will be among 300 in the Los Angeles district to parade with national and troop colors.

Harbor district Scouts selected for the event by their leaders include: San Pedro Troop 504, Russell Lewis and LeRoy Newman; Wilmington Troop 223, Stan Parks and Claude Lewis; Walteria Troop 240, Don Howard and William Wilcox, Torrance Troop 241, Willis Irwin and Jimmy Murphy, and Gardena Troop 236, Jarnett Boklate and Michael Sego.

Scoutmasters who will accompany the delegates are Raymond J. Locke, San Pedro; H. O. Collins, Wilmington; George C. Howell, Walteria; Hal B. Laudeman, Torrance and Edward Carlyle, Gardena.

Other Harbor district troops have been invited to participate, E. A. Crocena, district executive, reported, and may swell the port delegates' ranks by the game date.
